FAR WEST TEXAS/EL PASO REGIONAL TRANSPORTATION COORDINATION COMMITTEE (WTEP)

January 2023
Introduction

• Genesis of this committee goes back to the 1990 signing of the Americans with Disabilities Act by President George W. Bush.

• The ADA mandated that reasonable accommodations be provided to elderly persons and persons with disabilities.

• Advocates for these populations noted a disconnect between transportation services and social services.

• There is a need to communicate and collaborate with social service agencies that serve this population.
Texas legislature required coordination of public transportation services funded with federal, state, or local funds.

Federal government called for reduction of duplication by federally funded transportation services, and expanding access to transportation services for elderly, disabled, low income, and others.

Federal transportation bill called for establishing locally-developed, coordinated public transit/human service transportation plans.

TxDOT contracted with local agencies to develop a regional coordination plan for each of Texas' 24 state planning regions.
El Paso County, Area Agency on Aging, and Amistad came together and established WTEP. EPC became the Lead & Fiscal Agent.

Amistad became the Lead & Fiscal Agent to continue the implementation of the transportation Regional Plan.

TxDOT approved WTEP’s Regional Plan for 2022-2026.
Region 8 – Upper Rio Grande

1. El Paso
2. Hudspeth
3. Culberson
4. Jeff Davis
5. Presidio
6. Brewster
Statewide Coordination of Public Transportation was established:

1. to eliminate waste in the provision of public transportation services;

2. to generate efficiencies that will permit increased levels of service; and

3. to further the state's efforts to reduce air pollution.

The Texas Department of Transportation (TxDOT) through their Public Transportation Division responsible for monitoring, guiding, and funding.
Why Regional Planning?

- Plan for a more efficient and effective network of public transportation services
- Identify resources to get people to desired destinations
- Have communities come together to develop five-year public transportation - human services plan
- Identify inventories of transportation resources available
- Complete comprehensive needs assessments and gap analyses in the region
Member Agencies from New Mexico

- Several communities straddle the Texas/New Mexico border (Chaparral, Sunland Park, Antony).

- A daily bus express service operates between points in El Paso and Las Cruces.

- South Central Regional Transit District operates bus transit services between El Paso, Las Cruces and points in-between.

- El Paso County and Doña Ana County have formal and informal relationships whereby cooperative functions exist that address the health and welfare of persons who live within close proximity of the New Mexico – Texas border.

- Doña Ana County is a member of the Metropolitan Planning Organization (MPO) and has within its board of directors several elected officials from Doña Ana County.
Mission Statement

Promote collaboration between transportation providers and health and human services organizations so that persons served experience an improved quality of life.
Vision Statement

Persons within the West Texas / El Paso six-county region will have access to social services that include customer-centered, dependable, and convenient transportation.
